## About Me

Passionate about artificial intelligence with 5 years of hands-on experience, I specialize in machine learning, deep learning, and natural language processing. I excel in AI model development, optimization, and deployment, transforming complex problems into intelligent, scalable solutions. With expertise in data science, neural networks, automation, and responsible AI, I stay ahead of advancements to build impactful AI-driven innovations.

---

## Education

**Bachelor of Computer Applications (BCA)**  
Madras University | Expected Graduation: 2026

---

## Skills

- ✅ Machine Learning & Deep Learning
- ✅ Programming & Software Development
- ✅ Data Science & Analytics
- ✅ Natural Language Processing (NLP)
- ✅ Computer Vision & Image Processing
- ✅ AI Ethics & Responsible AI
- ✅ AI Deployment & Optimization
- ✅ Generative AI & Automation
